

# Instructions for transferring Kindle eBooks via a computer

You can easily use your Kindle without the wireless feature or when traveling outside the wireless service area. Also certain publishers that do not allow wireless transfer require this method for Kindle.

Anything you purchase from the Kindle Store can be downloaded to a computer from the Manage Your Kindle page at [www.amazon.com/manageyourkindle](http://www.amazon.com/manageyourkindle). Then you can transfer downloaded items to your Kindle through the USB connection. You also have a free-delivery option for receiving converted documents at the e-mail address associated with your Amazon.com account.

## MANUALLY DOWNLOADING FROM MANAGE YOUR KINDLE:

1. Connect your Kindle to your computer using the USB cable which doubles as your power charger
2. Visit the Manage Your Kindle page at [www.amazon.com/manageyourkindle](http://www.amazon.com/manageyourkindle)
3. Locate the item you wish to download in the "Your Kindle Library" section of the page.
4. Click the Actions Tab
5. Click Download & transfer via USB
6. Choose the specific device that you are downloading the file for if prompted.
7. Click Download
8. You should see a box pop up that will prompt you to Open or Save the file; choose Save.
9. Left click on My Computer which will be listed in the left side of the Save As window.
10. Double click on the Kindle listed as a drive
11. Double click on Documents folder listed within the Kindle
12. Click on Save located in the bottom right of the window above cancel

Folders and file types that they recognize are as follows: Documents: text (.txt) and Amazon Kindle (.azw or .tpz); Audible: Audio books (.aa); Music: MP3 Music files (.mp3).

After you are done transferring content to your Kindle:

1. Open your Start menu from the bottom left hand corner of your screen
2. Click on Computer
3. Right click on the Kindle, and select "Eject"
4. Remove the kindle from the computer
5. Enjoy!
